

# Maximize your potential

Be a part of the Vertiv Continuing Educations (CE) Program

To help us all stay better connected and up to date on the latest trends and advancements in critical infrastructure, Vertiv invites you to participate in a series of webinars led by experts from Vertiv.

These one-hour webinars are **FREE** and available for **Continuing Education Units** through Vertiv's accreditation with IACET. Join us for discussions on power and cooling best practices from Edge to Hyperscale and choose from the delivery method that works best for you.

The Vertiv Training Team is a certified member of the International Association of Continuing Education and Training. We provide sales and technical training to enable Vertiv employees and partners to sell power equipment, thermal management equipment, IT management, and support services to support the data center industry.
