

VERTIV™ CXE UPX SERIES

Cross Connect Enclosures

KEY FEATURES

- Rugged metal housing made of mill-galvanized steel for durability and low maintenance costs.
- Our unique multi-stage paint process meets or exceeds EPA standards, and provides a tough corrosion resistant finish for longer life.
- Double-access hinged doors offer 360° access to all internal components.
- Removable base cover provides simplified installation.
- Cross-connecting mounting brackets simplify installation.
- Close-cell neoprene door gasketing provides weatherproof protection for internal components.
- Positive action three-point locking mechanism with padlock provisions ensures security from unauthorized entry.

Description

The Vertiv™ CXE UPX Series UPC1254 is a round-cornered rectangular-design telephone cross-connect enclosure. Included in this series are R66 Block mounting brackets, bonding and grounding brackets, weather-stripping, and two mounting stakes.

Application

The UPC1254 serves as an above-ground housing for terminating distribution pairs and feeder pairs through cross-connection.
